Career Objective

Motivated Front-End Developer with hands-on experience in ReactJS and the MERN stack, seeking a junior or entry-level frontend role where I can contribute to building responsive, user-friendly web applications. Experienced in translating UI/UX designs into functional interfaces and integrating REST APIs. Eager to grow within a collaborative team and take on increasing responsibility in modern web development.

Skills

- Frontend: ReactJS, JavaScript (ES6+), HTML5, CSS3
- Styling: Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB, MySQL
- Tools & Others: Git, Figma, Canva, Postman, REST API Integration

Work Experience

Frontend Developer Intern — Protozoa Host Pvt. Ltd.

2023/07/24 - 2023/10/20

Company: Protozoa Host Pvt. Ltd.

Kathmandu, Nepal

- Enhanced the UI of an existing Point of Sale (POS) system using ReactJS, improving responsiveness across mobile and desktop devices
- Built the frontend for a Doctor Appointment Management System, integrating REST APIs within a MERN stack to streamline appointment booking workflows
- Delivered all assigned tasks on schedule throughout a 3-month remote internship while managing full-time academic commitments

Freelance Projects

• White Pearl Tours and Travels

[Project Link](#)

Tech stack: MERN stack

- Attended client meetings every 3 days via Google Meet to gather requirements and provide development updates
- Designed and developed the frontend UI/UX based on client requirements
- Integrated and tested REST APIs developed by the backend developer using Postman
- Optimized frontend code for performance and improved image loading stability

• Interactive Study Space Platform

[Project Link](#)

Tech stack: MERN stack

- Developed the frontend UI/UX based on project requirements
- Integrated and tested REST APIs in collaboration with the backend developer
- Optimized frontend code for better performance and image load stability

• BuzzingBee Consultancy

[Project Link](#)

Tech stack: HTML, CSS, JS

- Developed a complete education consultancy website based on client requirements
- Designed responsive UI/UX ensuring optimal performance across all devices
- Managed project progress and milestones using Notion

• Botanic Garden - E-commerce Nursery

[Project Link](#)

Tech stack: HTML, CSS, JS

- Built a nursery e-commerce website with product filtering functionality based on name and price
- Designed responsive UI/UX and ensured cross-device compatibility
- Managed development progress independently using Notion

• Dairy Farm Website (Bhimeshwor Animal Farm)

[Project Link](#)

Tech stack: HTML, CSS, JS

- Developed a static dairy farm website based on client requirements
- Designed clean responsive UI ensuring compatibility across all devices

• Portfolio Website

[Project Link](#)

Tech stack: ReactJS, TailwindCSS

- Developed a personal portfolio website for a client using ReactJS and TailwindCSS
- Conducted regular meetings to gather requirements and adapt to evolving design changes
- Built responsive UI/UX based on client specifications and tracked milestones using Notion

Academic Projects

- **Online Tutor Finder (Final Year Project)** Project Link
Tech stack: MERN Stack
 - Developed a full-featured online tutoring platform using MERN stack to address educational accessibility challenges
 - Built frontend for core features including session booking, marketplace for tutors, and an interactive virtual classroom
 - Integrated backend APIs and implemented rapid exam feature allowing students to take quick assessments within the platform
 - Ensured responsive UI/UX across all devices for seamless student and tutor experience
- **Blogging Application (Academic)**
Tech stack: ReactJS, C#
 - Developed the frontend of a content sharing and community interaction platform using ReactJS as part of a group project
 - Integrated and tested REST APIs built by backend team using .NET
 - Contributed to system analysis and handled frontend testing responsibilities

Education

BSc (Hons) Computing	Islington College	Kathmandu	2021 - 2024
First class Honors (75.06%)	London Metropolitan University		
MSc Information Technology	Islington College	Kathmandu	2024 - Present
	London Metropolitan University		

Extra-Curricular

- **Islington Web Dev Club** 2022-2023
 - Participated in Workshop organized by Web Dev Club.
 - Enhanced proficiency in HTML, CSS and JS.
